ACEC-SK Community Initiatives Award

This Award is NOT a Brian Eckel Project Category

Purpose

The purpose of the Community Initiatives Award is to recognize the good philanthropic work being done in communities by Saskatchewan consulting engineering firms. This award is presented for a company's role in donating their time for the benefit of a community or group in Saskatchewan or on the national or international stages. **Volunteer time cannot be part of a commissioned project.**

Eligibility

The selection criteria below are purposefully broad so as to not limit appropriate opportunities, as well as to align with ACEC-Canada's selection criteria. ACEC-SK recognizes a company's role in: alleviating suffering, promoting social awareness, providing education, work, etc.

Eligibility Criteria Include:

1. Open to ACEC-SK Member Firms only; nominee is a company, not an individual.
2. Community initiatives must have been substantially completed in the period **from June 30, 2018 to June 30, 2023 (previous 5 years)**. The determination of 'substantially complete' will be at Judges' discretion.

4. Entries must not have been submitted previously in Community Initiatives Award category.

6. No additions or modifications to the entry are allowed after judges begin deliberation.
7. Volunteer time cannot be part of a commissioned project.
8. Nomination should not include any contribution to a commissioned project, whether in or out of scope, where the organization benefiting from volunteer activities is compensating the engineering firm for its services.
9. Nomination is to identify what, if any, of the volunteer work was performed for a client organization (active or non-active).
